WINTER SCENT IS IN THE AIR

Mulled wine & festive feasting & curling are on the menu at “CHRISTMAS UNDER THE ROOF” – the winter magic at the Malzfabrik.

Enveloped by red brick walls and industrial charm, the Speicher bathed in Christmas ambience is the perfect indoor space for that special Christmas party. The location creates a unique atmosphere that will remain unforgettable.

The smell of mulled wine, which can be served as a welcome drink, creates a Christmas atmosphere. This can be followed by a festive buffet consisting of a three-course meal by CookingLounge Berlin with the finest ingredients and creations, which will spoil the palate. At the end, the feast can be digested while dancing.

Let yourself be enchanted and book your party now to come together as a team!

IN THE SPEICHER UNDER THE ROOF

As the second largest area, the Speicher on the upper floor is part of the multifunctional event location Kachelhaus and stands out with its rusticity. A concrete floor and steel beams provide the industrial charm. The window fronts and skylights create the appropriate light atmosphere. The 370 sqm space is equipped with a gable roof and steel beams as well as its own bar and cloakroom area.
