Next to the plaque on the left wall, there is a small wooden bench. The plaque contains text, likely a historical or informational note about the building or the railway. The text is too small to read clearly, but it appears to be a formal inscription.

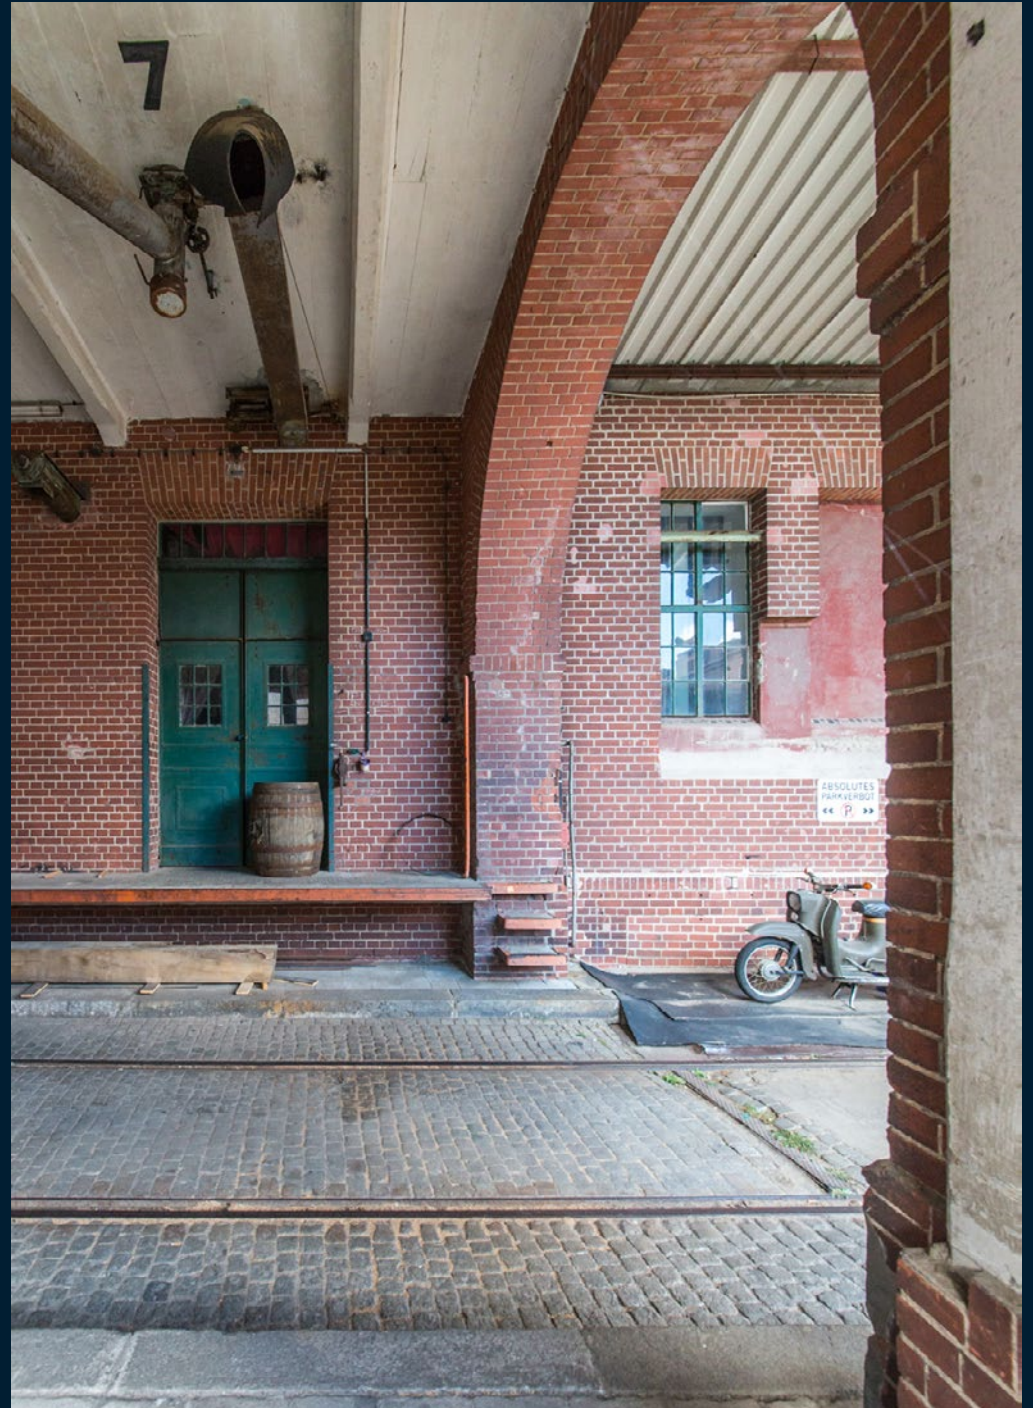

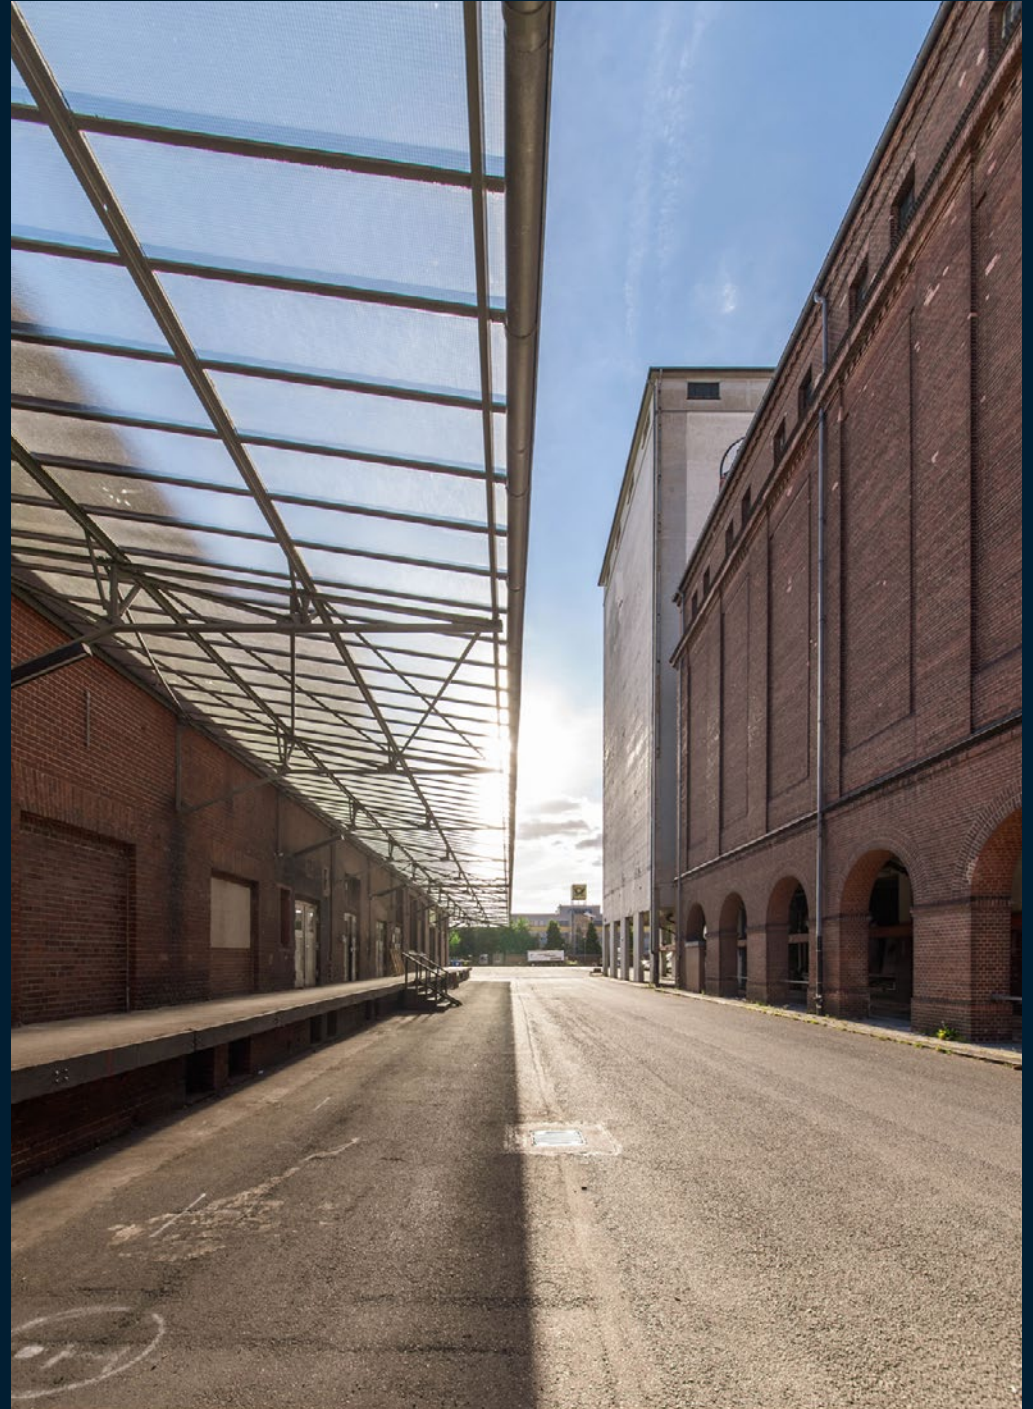

- > **HIGH ARCHES** with red bricks and a ramp with several large, solid steel doors
- > **IDEAL FOR:** film and photo shoots, available for small events on request
- > **LOCATION:** inner yard
- > **INFRASTRUCTURE:** parking space and energy connection on request
- > **RECOMMENDATION:** booking in combination with the courtyard

The 'Torbögen' joined directly to the 'Alte Mälzerei' provide another outdoor shoot location. Integrated into the building with a ramp and made with red clinker bricks and steel girders, the archways form a fascinating construction.

The 'Torbögen' are also available to hire as a unique location for smaller events.
